

THE ARMENIAN NATIONAL COMMITTEE OF AMERICA WANTS YOU TO MEET WITH THIS MAN

ANCA calls him an “ANC Activist” ...¹

But who is MOURAD TOPALIAN?

- Convicted felon, indicted while ANCA Chairman for numerous terrorist crimes including several related to bombings in New York City and Anaheim, California.
- **After** his indictment, in September 2000, ANCA bestowed upon Topalian its “Freedom Award,” calling him an “advocate of the highest caliber for the Armenian Americans.”²
- Served over 3 years in federal prison, released in late 2003.

Armenian terrorism against Turks and Turkish Americans (over 160 bombings and 70 deaths worldwide) must be condemned, and its perpetrators must never be given a free pass. Least of all, convicted terrorists should never be embraced as heroes or mere “activists.”

1. ANCA has invited Mourad Topalian to join its meetings with members of Congress. *See* ANCA-WR Press Release: <http://www.armtown.com/news/en/pan/20080228/25124/>
